

Math 312 — Homework 12

APRIL 6, 2020

Instructions.

From the book do the following problems:

- Pages 501–507: 10.18, 10.21, 10.25, and 10.28. Feel free to use the table of tests that have been provided.
- Page 517: 10.54. Note that the p-value approach used here, while similar to traditional testing using a fixed α , allows each individual the ability/right to choose their own α for comparison to p .
